

Dimensions/Weight

Product Dimensions:	100(h) x 874(w) x 510(d) mm
Carton Dimensions:	170(h) x 960(w) x 575(d) mm
Cut-Out Dimensions:	827(w) x 470(d)
Gross/Net Weight:	23/20.3kg

Technical Details

Style

Cooktop Type:	Gas
Category Size:	90cm
Burners:	5

Functionality

Total Power Rating:	39mj/hr Over 4 Burners
Burner mj/hr Rating:	Front Centre - 6mj/hr Front Right - 4mj/hr Rear Centre - 6mj/hr Rear Right - 10mj/hr Left/Wok - 13mj/hr
Gas Type:	Natural/ULPG
ULPG Adaptable:	Yes
Ignition:	Electric
Flame Failure:	Yes
Wok Burner:	Yes

Installation

Maximum Current:	10amps
Connection:	220-240V, 50-60Hz
Installation Type:	Flex and Plug Rear
Gas Connection Point:	Right
Made In:	China
Warranty:	48 Months Parts & Labour

Aesthetics

Finish:	Black Glass
Controls:	Knob Control
Number of Controls:	5
Control Location:	Front Right
Material of Trivets:	Cast Iron
Material of Burner Caps:	Cast Iron

Key Features

Flame Failure

A safety device that ensures gas cannot flow from the cooktop if the flame is extinguished. No flame = no gas = safer home.

Cast Iron Trivets

Cast iron trivets are heavier and more durable than the typical enamel-coated trivet. This means a more stable cooking surface and less chance of damage to the cooktop.

Lateral Wok Burner

Wok burners provide high heat that is needed for effective wok cooking. Not only is it suitable for Asian cuisines, it is also a powerful gas burner perfect for accelerating the cooking process. A lateral wok burner means you still have room for other pots and pans.
