

BUILD YOUR OWN WOODEN TIC TAC TOE GAME INSTRUCTIONS

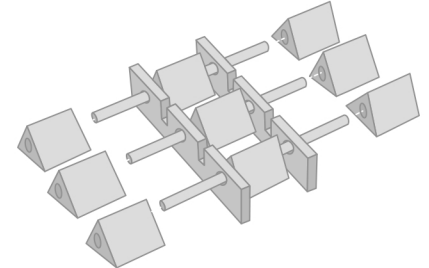

CAUTION: Kit contains components with functional sharp points. Adult supervision required. Please dispose of any components if they become damaged after assembly. Use safety goggles at all times. Small parts: not suitable for children under three years.

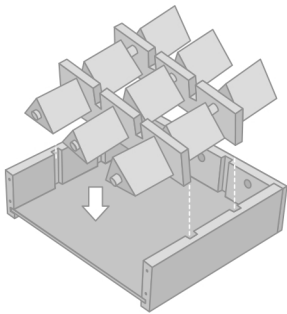

1. Construct U shaped frame using x2 bottom frames (A) and x1 bottom frame (B).

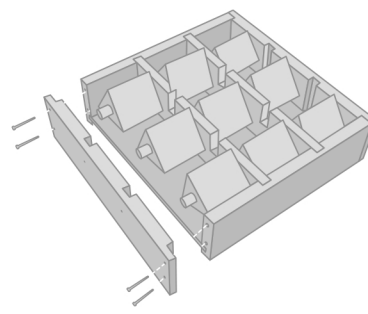

2. Slide bottom panel in slot.

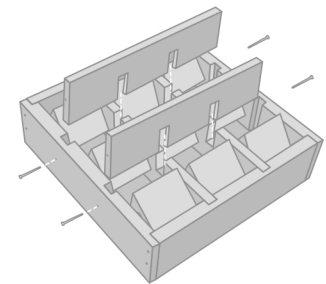

3. Assemble the blocks with inner panel (A) and wooden rods.

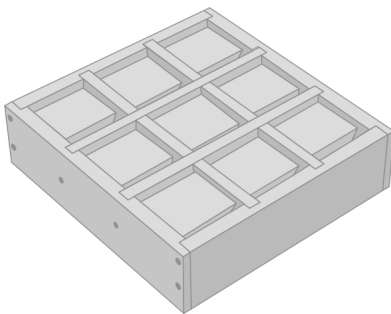

4. Place the blocks inner assembly into frame.

5. Use x4 nails and bottom frame B to complete base.

6. Insert x2 inner panel (B) parts into slots. Secure with x2 nails on each side.

FINAL: To decorate your completed wooden tic tac toe game, place X and O stickers on the blocks.
